Sub: Summer Engineering Internship Application

Dear Mr.XYZ,

My name is Harsh Baheti and I am a student at computer engineering at Pimpri Chinchwad College of Engineering. I was thrilled to see a summer engineering internship opportunity advertised with Linkedin because I have a deep interest in engineering and Web designing, and am particularly fascinated by Web Designing on patient engagement.

I've applied for this role online, but have also attached my cover letter and resume here for your review. I believe my relevant skills and engineering experience would be a good fit for this position and hope to have the opportunity to discuss with you in more detail how I could help support the Web Designing initiative this summer.

Best Regards,

Harsh Baheti
